

SAVE OUR LAKES

FEBRUARY 2024 Volume 24, Issue 2

PIPELINE AT THE CORNER OF SR 16 & SR 21

Left - Site dewatering and other preparations have begun for the directional boring and pipe installation under the SR21 & SR 16 intersection. Below - In the west right-of-way of SR 21, a worker is guiding a pipe section being lowered into the trench to be mated with the previous pipe section. State Road 16 is a short distance away.

TREATMENT AREA PROGRESS Grading of the first three treatment ponds is advancing. In the distance, blue PVC pipe, fittings and concrete water structures are being brought in anticipation of their installation below the ponds.

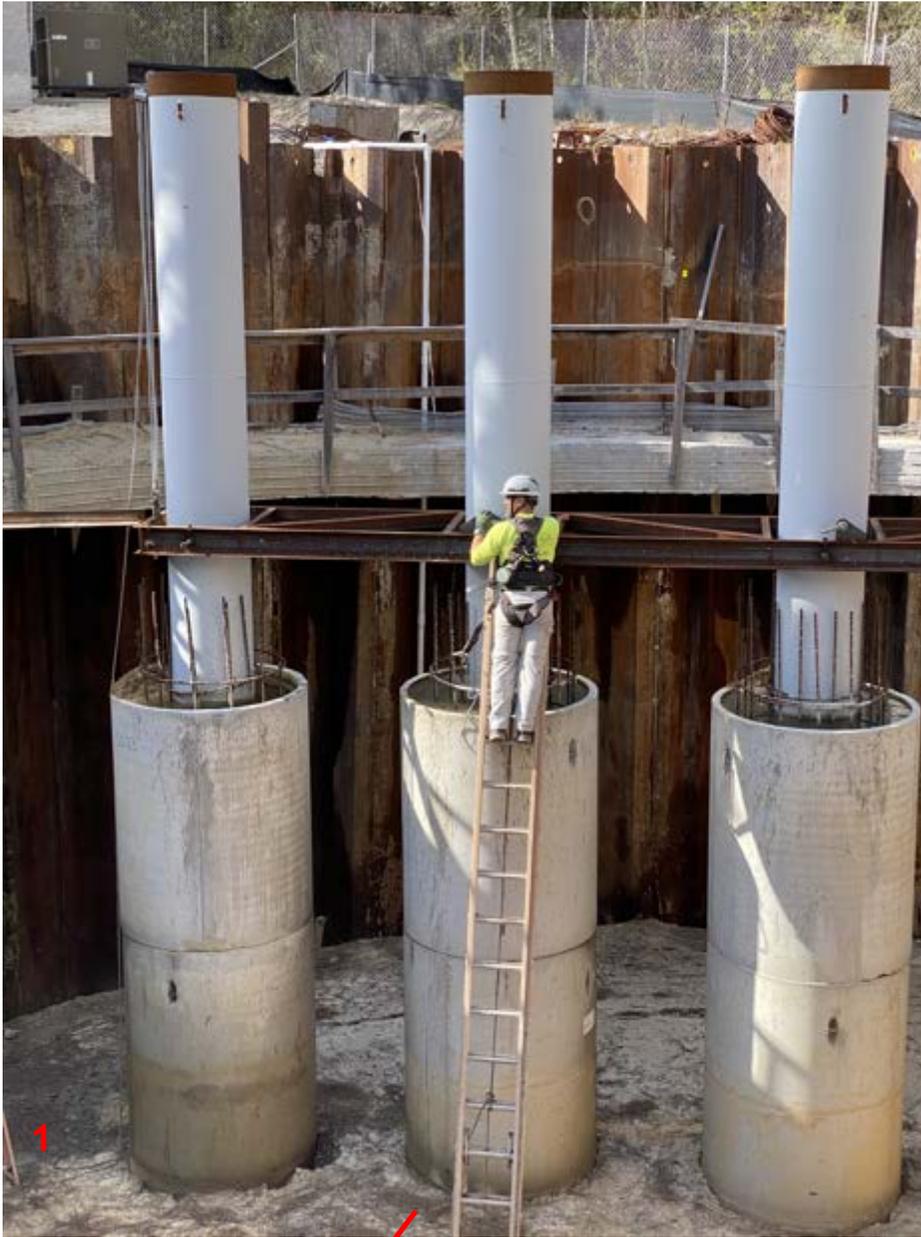

SAVE OUR LAKES ORGANIZATION, INC.

P.O. BOX 185, KEYSTONE HEIGHTS, FL 32656

EMAIL: save-our-lakes@comcast.net - WEBPAGE: www.saveourlakes.org

President: Vivian James — Vice President: Chandler Rozear — Secretary/Treasurer: Susan Welsh

Board Members: Webb Farber, Glenda Harper, Scott Slater, Dr. Pat Welsh

PUMP & INTAKE PROGRESS:

1. A worker in the pit under the future pump house is disconnecting a temporary support frame for the pipes leading to the pumps. Additional precast concrete pipe sections to be filled with reinforced concrete will be placed over the four pipe risers and on top of previously installed precast sections. These are fixed to a massive concrete footing.
2. The Black Creek pump station site. The four pipes serving the four pumps are seen in the pit. On the right side of the pit is the temporary access pit which goes down to the level where the newly installed water pipe from the intake site (3) has been connected to the manifold under the pipe risers.
4. Inlet structure on edge of Black Creek. Blue pipes go to valves below.
5. 1/20/24 - Equipment used to install the water pipe in the 42" conduit micro tunneled 750ft from the inlet site pit to the pump station is ready to be taken off site.
- (6) 1/24/24 - Preliminary inlet construction site restoration progress
7. Inlet boring pit with the water pipe to the pump station capped off. Next: connection to the pipe from the inlet.
